THE HOUSE OF QUALITY AND SERVICE

Be Strong

THE strong and vigorous man or woman is envied by less fortunate humanity afflicted with aches, pains, infirmities and ailments. The sufferer says to himself, "If I could only be well, how happy I would be." For health is more essential to the joy of living than is wealth.

The kidneys almost literally wash the blood and keep it clean and free from impurities. When the kidneys are out of order, they fail to filter out the waste and poisons, and the result is a general poisoning of the system, which is the cause of rheumatism, neuralgia, headache, backache, and other ailments.

Foley Kidney Pills

helps the system eliminate this poisonous waste. They soothe, strengthen and heal sore, weak and diseased kidneys and bladder. When the kidneys are working properly, appetite returns, refreshing sleep is possible, and health and strength come again.

C. W. Smith, 1205 No. 4th St., Salina, Kas., writes: "I am very much pleased with Foley Kidney Pills. I was working in a coal yard and have been very much troubled with my back. I have taken several doses of Foley Kidney Pills and feel better."

FLYERS AID LOAN AND GET RECRUITS

Aviation Exhibit on Front Street Attracts Many Interested in the Service.

Under the supervision of Lieut. G. H. Cox the exhibit from Park field in the interest of recruiting men for the aviation service was finally put in ship shape form Thursday. A big Curtiss machine, pushed its nose out into the landscape just north of the department headquarters on Front street and looks as if it were about to hop over to the roof of Cox's library.

The big motors used in the D. H. Haviland type machines, in an exhibition and motors are seen in action throughout the day. The exhibit will continue through the week.

A recruiting officer is on hand at all times and will explain intricacies of the motors, wireless telephones and teletype, and other mysteries in the art of flying.

Memphians interested in keeping Park field here are evincing keen interest in the exhibit and are doing all possible to help get a large number of recruits for the service.

During the period of the war, courses of training were in some cases more hurried than they should be. The service officers splendid opportunity for discharged soldiers and many young men seeking remunerative occupation.

After the close of the Memphis exhibit the flyers will make a tour of adjoining states in the interests of the recruiting branch of the aviation service.

CHILD WELFARE DAY.

SENATORIA, Miss., April 24. (Sp.)—Child welfare here are evincing keen interest in the exhibit and are doing all possible to help get a large number of recruits for the service.

TATE COUNTY FOR LOAN.

SENATORIA, Miss., April 24. (Sp.)—The Victory loan drive is under full headway in Tate county. The Senatoria and Coldwater Glee club, together with Rev. E. K. Smith, Prof. A. G. Gainer and Mr. Moffitt, speakers, are touring the county in the interest of the loan. Much enthusiasm is being shown by the people and the bonds are being sold. The farmers are responding. The county's quota is \$150,000 and it is believed this amount will be easily reached.

GRADUARY DAY IS FULL OF THRILLS; LOAN GOAL NEAR

(Continued from First Page.)

uniting women workers is expected Thursday.

The records Thursday show that seven divisions went over their tentative quota Wednesday. A total of \$1,000,000 was secured from all sources.

The real estate dealers read the list with 144 per cent of their quota raised. They reported \$144,000 raised up to close of business Wednesday. This was the first report made by the real estate men. Lawyers who, up to Wednesday, headed the list with their quota raised, assert that they will show a burst of speed Thursday and double the appropriation assigned them.

More Divisions Go Over.

Druggists also went well over the quota Wednesday and stand fourth in the percentage column with 124 per cent of their quota raised. Other divisions getting in the Victory column with their entire quota raised Wednesday were: Fire insurance men, architects and civil engineers, automobile men, optometrists and dental and surgery supply men.

Automobile men, whose quota of \$200,000 at first seemed a formidable one, deserve special mention. Their splendid record is largely due to the efforts of Owen Lilly, president of the Automobile Dealers' association, who, since Monday, has devoted almost his entire time to bringing the dealers into the 100 per cent column.

Plough Buys \$100,000.

Besides the spectacular features connected with Victory day, many of which promise to take on surprising features, big subscriptions that have been held in reserve are expected to be turned in according to a statement made last night by John J. Riffin, county chairman. Since the city invested a part of its sinking fund in Victory loan notes other organizations have followed the lead and more are expected to do so Thursday. Wednesday the Plough Chemical company turned \$100,000 of its building fund into Victory loan notes and the Memphis Artisan Water department put \$100,000 of its reserve into bonds. The Forest Hill Cemetery association invested \$5,000 in bonds Wednesday. Several lodges and other organizations have already invested surplus and sinking funds in bonds and as the campaign wears on more and more for them will do likewise, it is claimed.

Grain and lumbermen with quotas of \$75,000 and \$50,000 respectively, are expected to go over the top Thursday. Both these divisions have been steadily at work and are waiting to report until a final tally has been covered.

Boy Scouts Break Record.

Final tabulation of the work of the Boy Scouts of the first day of the campaign was made yesterday and showed a bigger total than was expected. They obtained 1,001 subscriptions with the splendid total of \$111,059. This amount will be added to the results of the last three days including Thursday and is expected to bring the woman's fund to which it will be added very near the quota assigned this division, \$1,000,000.

The amusement division, from which little has been heard, is expected to add \$50,000 to the total before midnight Thursday. Chas. A. McElvay reported last night that the quota was about made up and would be ready with a 100 per cent mark to be turned in today.

Seventeen Divisions Over.

The 17 divisions now over the quota, and who began the celebration of Victory day Thursday, with their percentages, follow:

Per Cent of Quota

Real estate men 144

Lawyers 124

Wholesale grocers 124

REAL ESTATE MEN ARE LEADING COLUMN

Memphians real estate men soared to the top of the column of divisions in the Victory loan campaign Wednesday when they turned in a grand total of \$144,000, giving them a standing of 144 per cent, surpassing the lawyers' division in this proud position.

E. J. Bailey, chairman of the division, divided his workers into two squads, one of five teams and one of ten. Under Louis Montebello as sales manager, these teams since Monday morning have been at work and their leading place is maintained.

Lifeless Body Found Beside Railroad Track

The lifeless body of Fred Williams, 25 years old, painter, Whitehaven, Tenn., was found early Thursday near Raines, a few feet from the railroad tracks. The supposition is that he fell Wednesday night while attempting to get off a moving train.

He had been in Arkansas working and is thought to have been on his way home and had intended to get off at Raines to see his sisters, who live there. He leaves his parents, Mr. and Mrs. William Williams, of Whitehaven, and sisters, Mrs. Adolph Burr and Mrs. G. T. Ricks, both of Raines.

The body was brought to Memphis by Thompson Bros., undertakers, to be prepared for burial.

MILLER'S ORDER Costs Loftus Wilkes \$50

The ardent orders issued by C. W. Miller, police commissioner, some weeks ago to the effect that all known bootleggers should be arrested on charges of carrying liquor, were put into effect late Wednesday, when Loftus Wilkes, charged with bootlegging, was arrested by Patrolmen Bell and Herrington. He failed to appear in police court Thursday and Judge Fitzhugh ordered his bond of \$50 forfeited.

BUSINESS NORMAL SOON, SAYS PIGGLY WIGGLY MAN

In the opinion of Clarence Saunders, originator of the Piggly Wiggly organization, which are running chains of novel grocery stores "all over the world," as their publicity matter tersely puts it, business in all lines will rapidly reach normal conditions again as soon as the peace treaty has been signed by the Germans.

Mr. Saunders is so confident of that, that he has organized two other corporations recently to carry on the various enterprises of the Piggly Wiggly business, and is also preparing to build himself a handsome home in Morningstar park.

He said Thursday that he expects to erect the building himself; that is, he is moving out of his general contract, and will have it finished by Christmas.

In his manufacturing business in connection with the Piggly Wiggly organization, he has established a bonus system, under which his workmen by their wages, and in spite of higher labor costs, he says, he is keeping the actual cost of construction of the units of the system almost down to prewar levels.

JIM CROW LAW MUST BE ENFORCED

In dismantling Mamie Morris, negroes, charged with violating the Jim Crow law, and also disorderly conduct, and I. W. Brooks, conductor for the Memphis Street Railway company, charged with failing to enforce the Jim Crow regulations, due to conflicting testimony, Judge Fitzhugh in the police court Thursday declared that the street car officials by all means should demand a closer observance of the law by its employees.

"Unless it is more rigidly enforced," Judge Fitzhugh said, "serious trouble is apt to result."

CHISCA BELL BOYS HELD AS BOOTLEGGERS

Because Milton Cooper, Atlanta, Ga., a guest of the Hotel Chisca, had consumed a dozen or more pints of whiskey during Monday and Tuesday and did not mind telling of it, things in the sacred circles of the Black Bell Boys Bartenders society were all a flutter Thursday, when three of the said B. B. B.'s were each fined \$25 and held for the state court by Judge Fitzhugh in the police court. The conviction came in spite of the fact that the three bell boys were backed up by Manager Slagle, of the hotel, one house detective, one watchman, one clerk and one telephone operator, all from the hotel's private force.

Cooper had been arrested Wednesday on complaint of the hotel management that he was disorderly. Without hesitation he explained to the police that he had a perfect right to be off his good behavior as these bell boys had been kept on the hop bringing him whiskey, for which he paid around \$2 a pint.

Slagle, who brought along Abe Cohn as counsel for the black crew of thirties, told the court that Cooper, without a doubt, was mistaken when he identified badges worn by bell boys Nos. 4, 12 and 15 as being the boot-

leggers, but that the numbers he possibly saw were 4, 11 or 44.

When Slagle persisted in explaining to the court that Cooper was totally wrong in his statements, Cooper pointed out the negro, whom he stated had not confined his lawless activities to bootlegging.

The young lady operator's testimony was to the effect that other places sold whiskey besides hotels, as she had listened on the line leading from a hotel room and heard a guest ordering four pints of whiskey from some fruit store.

Judge Fitzhugh announced from the bench that apparently the hotel should be regularly policed, in efforts to check the sale of whiskey by the negro bell boys, as well as their other immoral operations.

The negroes fined were Leon Davis, James Lindsey and James Pifer.

SUFFRAGETTES DELAY CELEBRATING VICTORY

The Memphis Equal Suffrage association will postpone its celebration of the winning the ballot in Tennessee, planned for May 10, until a short time before the city election next November, according to action taken at the regular meeting of the association Thursday.

An opinion on the legality of the suffrage bill, prepared by Judge Francis Pentecost, Judge David B. Puryear and Judge A. S. Buchanan, holding the act constitutional, was read by Mrs. Sam Ellis, president of the association. Many of the prospective women voters are already being solicited for their votes at the coming municipal election by candidates for office, it was said.
